### REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: the prior art of record fails to teach or suggest a feedblock having a gradient plate having first and second flow channels, wherein at least <sup>one</sup> of the flow channels has a cross-sectional area that changes from a first position to a second position along the flow channel; a feeder tube plate having a first plurality of conduits in fluid communication with the first flow channel and a second plurality of conduits in fluid communication with the second flow channel, each conduit feeding its own respective slot die, each conduit having a first end and a second end and, the first end of the conduits being in fluid communication with the flow channels, and the second end of the conduits being in fluid communication with the slot die and either an axial rod heater located proximal to the conduits or heaters attached to the external surface of the housing.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
